Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Tuesday 12 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dull day with rain for many. Drier towards the west.

Today:
A murky and wet day for much of the region with outbreaks of rain persisting throughout the day, which could turn heavy at times. Drier conditions for the far west of Cornwall. A mild day with winds easing. Maximum temperature 11 deg C (52 deg F).

Tonight:
Remaining cloudy and wet for many as rain continues to move northeastwards during this evening and overnight. Staying largely dry to the far west of Cornwall. A mild night. Minimum temperature 4 deg C (39 deg F).

Wednesday:
A dry but often cloudy day with some sunny intervals possible. Breezy with outbreaks of rain overnight. Mild. Maximum temperature 12 deg C (54 deg F).

Outlook for Thursday to Saturday:
Outbreaks of rain Thursday morning, then sunny spells. Mostly fine and bright on Friday before rain arrives overnight. Turning unsettled on Saturday.
